SWEDISH TECHNICAL APPROVAL SC0265-10 PURUS LINE/CORNER

The Swedish Technical Approval SC0265-10 regarding our designed floor gullies Purus Line and Purus Corner is under renewal at SP Certification and is estimated to be ready by December.

The Products is tested and approved according to the European Standard EN 1253.

Meanwhile we guarantee that the Products continue to fulfil the requirements set up by the Swedish National Board of Housing.
